Providing over 25 years of experience,
photographing tens of thousands of students,
and capturing over 1 Million Photos throughout the United States.

Texas School Portrait Photographers, LLC is a privately-owned company based in San Antonio, Texas. Our primary focus is school-related photography, including annual school portraits, candid student photography and prom-related photography. The concept was established in 2011, by Brandon Sapp, a professional photographer, with over 25 years of experience in photography, including fashion, graphic design and overall business management.

TSP Photographers was created to provide a modern and fresh alternative to traditional school photography. We primarily offer professional school photo services to student populations in the Pre-K to 8th grade demographic. Our approach to school photography, respects the traditional way of capturing school portraits while utilizing modern technology to provide efficiency & effectiveness throughout all of our partnerships. We believe that annual school portraits should reflect the times. There's nothing better than embracing the nostalgia of looking back at a photo. We understand that.

Our clients, customers and employees come first. We have created an environment that promotes consistency and pride through focused work. Our high-quality products and services combined with our below-industry price packages, allow us to offer our contracted schools a myriad of options to satisfy their student-based communities.

Today's challenges bring unique opportunities for schools and businesses to work together creating functional options for the school year and heirlooms for future generations. As a small business, we understand these challenges and have designed our company around meeting those needs. In return, we feel we are helping to mold tomorrow's leaders through business and visual arts.

We invite you to learn more about our company and the services we offer by scheduling an in-house presentation. For more information or to setup your school's photo program, **contact us today at (646) 770-3330 or by email at Schools@TSPPhotographers.com.**

Style, Consistency & High Quality.

TSP Scholar Portraits define what parents, school administrators, PTA's and students think about when they sit down on picture day. Our photo teams, consisting of a photographer and an assistant, work together to ensure a high-quality, long lasting portrait that your students and parents will cherish, highlight and showcase for decades!

TSP Scholar Portraits boast a high level of contrast, sharpness and depth to compliment our vibrant background gallery of over 80 high-definition backdrops.

We take special care in making sure that our younger scholars are photographed to our top quality standards. TSP Photo Teams undergo training to ensure that consistency and value is placed into each scholar portrait.

Our goal is to make sure you and your school's community have portraits that you can cherish and be proud to share and showcase for decades. You deserve the best and your parents and scholars deserve nothing but the best!

Proof Programs

A woman with dark hair in a ponytail, wearing a grey blazer over a light-colored collared shirt, is pointing with a black pen at the text on a green chalkboard. The chalkboard is the background for the entire page.

Some of the benefits are:

- Only 2 Picture Days.
- All students are photographed.
- All full-time staff is photographed.
- Parents see photos BEFORE they buy.
- Minimal parent interaction. Company takes most of the calls and questions.

***Convenience:** Proof picture programs allow parents and students to view and order photos from the comfort of their own home, without the need for in-person sales.*

***Variety of options:** Proof picture programs offer a wide range of photo packages, sizes and products for customers to choose from.*

***Personalization:** Proof picture programs offer the ability to personalize photos with custom borders, text and other special effects.*

***Easy payment:** Proof picture programs offer various online payment options, and TSP Direct to Home Shipping.*

***Safe and Secure:** Proof picture programs use secure servers and encryption to protect customers' personal and financial information.*

***Time saving:** Proof picture programs save time for both the school and the parents because they don't have to worry about collecting orders and payments or delivering the photos.*

Parent & Teacher Appreciation

At TSP Photographers, we understand the invaluable contributions of parent volunteers, teachers, and school administrators in shaping the future of our children. Their hard work, dedication, and sacrifices are essential in giving our children the best chance of success in today's and tomorrow's business world.

That's why we're thrilled to announce our new paid volunteering program for parents who participate in School Picture Day events. By volunteering your time on Picture Day, you'll not only be making a positive impact on your child's education, but you'll also be rewarded with a complimentary photo package, absolutely free!
